pramukhks6@gmail.com

CFA Charterholder and wealth management professional with proven experience supporting ultra-high-net-worth (UHNW) clients across portfolio onboarding, investment reporting, and account servicing. Skilled in delivering high-quality client and advisor support through data-driven performance analysis, risk and attribution reporting, and operational process enhancement. Adept at ensuring compliance, accuracy, and seamless coordination across investment and service functions.

PROFESSIONAL EXPERIENCE

ETON SOLUTIONS LP

Implementation Manager

Bengaluru

September 2023–Present

- Leading the deployment and customization of AtlasFive for clients through rigorous fact-finding, ensuring the platform's functionalities are tailored to support investment decision-making and portfolio performance measurement.
- Overseeing the client onboarding and account setup processes for UHNW family offices, ensuring accurate migration of investment data, asset classifications, and account hierarchies into the AtlasFive® platform.
- Partnering with operations teams to deliver portfolio performance, attribution, and risk reporting that enhanced transparency and client communication.
- Implementing customized workflows for capital activity, cash flow monitoring, and portfolio reconciliation, strengthening operational control and liquidity oversight.
- Providing integrated solution designs for the fund accounting and allocations modules addressing unique scenarios like tax allocations, carried interest, and waterfalls to enhance the efficiency of portfolio management process.
- Collaborating cross-functionally using CRM and project management tools (Monday.com and JIRA) to track deliverables and client service milestones.

ETON SOLUTIONS LP

Senior Analyst

Bengaluru

January 2023–August 2023

- Led and oversaw Attribution analysis to evaluate and break down the sources of portfolio performance, focusing on the impact of asset allocation, security selection, and market timing. This analysis directly influenced portfolio adjustments and strategic investment decisions for clients.
- Delivered comprehensive portfolio and performance reporting for UHNW and family office clients, including time-weighted and money-weighted returns, benchmarks, and risk metrics.
- Conducted in-depth analysis on complex allocation structures and optimized reporting for diverse asset classes, that helped assessing if investment recommendations were aligned with clients' risk profiles and financial goals.
- Reported on foreign currency exposure, integrating currency-adjusted returns and volatility metrics to help clients assess the impact of currency fluctuations impact portfolio performance and risk.
- Mentored junior analysts to enhance their proficiency in financial analysis, performance reporting, risk reporting, and operational processes.

ETON SOLUTIONS LP

Analyst

Bengaluru

July 2021–December 2022

- Conducted detailed financial analysis for ultra-high-net-worth family portfolios, using AtlasFive to aggregate and reconcile investment data, ensuring that performance metrics such as TWRR (Time-Weighted Rate of Return) and MWRR (Money-Weighted Rate of Return) were accurately calculated to support informed investment decisions.
- Performed Attribution analysis to assess the contributions of asset allocation, security selection, and timing, identifying the drivers of portfolio returns.
- Provided data-driven reports for improving investment strategies and worked closely with senior analysts and clients to refine reporting frameworks that optimized investment decision-making.
- Contributed to process improvement initiatives, automating recurring reporting and enhancing turnaround time for client deliverables.

EDUCATION

Bachelor in Business Administration (BBA)

Centre for Management Studies – Jain University (concentration: Finance)

Bengaluru
